Traineeship

What is a traineeship?

Traineeships are a government initiative providing employees the opportunity to combine working with the completion of a nationally recognised qualification. Traineeships provide an employer a way of achieving a high-level workforce, promoting staff retention and offer a point of difference when recruiting new staff. Financial incentives may be available to employers to support the completion of the traineeship.

Traineeships can take between one and two years to complete and offer a wide range of qualifications over a variety of industries. New workers and existing workers may be eligible, and you may even complete a traineeship whilst still at school.

Qualification overview

This nationally recognised qualification will assist you to gain skills in one of the most rewarding and enjoyable careers! When studying this course, you will gain knowledge in a range of fields that implement and provide treatment plans and therapeutic solutions for clients in a variety of different fields such as child welfare, hospital or even disability support.

Jobs & Skills WA

Jobs and Skills WA is the way the State Government, through the Department of Training & Workforce Development, prioritises its investment in training to focus and subsidise training courses that equip people to take up jobs that are, or will be, in high demand.

Training Delivery and Assessment

Individualised delivery and assessment strategies will be developed based on the actual needs and requirements of both employees and employers to ensure effectiveness and time efficiency. Training will be flexible and combine on and off the job training through regular visits from an industry experienced trainer.

We offer assessment only options including RPL work based evidence collection (portfolio and workplace documents) and observation assessments to assist employees in providing the relevant evidence based on skill and knowledge competencies developed in the actual workplace.
